Dear Attorney General,

Am so proud to see you in your position and please know I am a devout supporter from Elko NV. As you probably know Elko has been entrenched in right wing politics (embarrassingly so for me) for the 27 yrs have lived here. Until now....the most amazing thing happened. As a democrat who was afraid to "come out" as prominent buisness person and it could effect my income... I saw a miracle. Obama visited Elko last August to the most amazing crowds. When I participated in the caucuses was amazed to see scores of my right wing neighbors changing their registration to democrat.

I was an Edwards' supporter and actually gave my vote to Hillary when Edwards was not viable. However after the despicable way she has run her campaign and seeing the miracle of miracles of Elko supporting

Obama... I HAVE to urge you to vote for him please. Truly feel my children and grandchildren's futures are at stake. It saddens me to my core to see the democratic party as divided it is after working so hard (anonymously) to turn things around the last 8 years...it will only be more so if Hillary takes the super delegates.

Thank you so much for your devotion and hard work... I trust you will continue to use great judgement.

Regards,

M. S.
Elko, NV
